HNUS PROPOSAL NO. P9207069 FOR ANALYSIS OF SALTCRETE WASTE STREAM -
SEH-131-92

REFERENCE: A) HNUS Proposal No. P9207069 dated July 7, 1992
B) EG&G Request for Proposal SEH-117-92 dated June 24, 1992 as
amended July 1, 1992
C) Subcontract PC 84017JB

Enclosed are the three copies of the Reference A) proposal transmitted to me by Mr. Bittner under his letter RF-HED-92-0408 dated July 7, 1992. I have returned the Reference A) proposal as I consider it non-responsive to the conditions set forth in the Reference B) Request for Proposal.

Reference B) clearly requests a cost plus fixed fee proposal and expresses our intent to award a modification to the Reference C) Subcontract Phase I for this additional work. Additionally, Reference B) states the requirements, above given thresholds, for submission of certified cost or pricing data, or application from exemption of that requirement, and for submission of representations and certifications. The statement of work, dated June 1, 1992, enclosed with Reference B) clearly identifies the number and types of samples to be provided to your company and the analyses to be performed for each.

Your Reference A) proposal is identified as a fixed unit price proposal, ostensibly based on "list prices". However, it does not identify the total cost or price proposed, identify the applicability of cost or pricing data, exemption therefrom, or identify the applicability of the representations and certifications requirement.

You are requested to revise the Reference A) proposal to identify the total amount proposed, based on the number and types of samples to be supplied by EG&G and the analyses required for each as stated in the statement of work. If applicable, your revised proposal must include certified cost or pricing data, or application from exemption from that requirement, and an executed Form RF-46473, Representations and Certifications. I have enclosed another RF-46473 for your convenience.

HNUS PROPOSAL NO. P9207069
July 9, 1992
Page 2

Additionally, the reference A) proposal states that overdue invoice balances are subject to an interest charge. This condition is not in accordance with the Cost Plus Fixed Fee General Terms and Conditions of the Reference C) Subcontract and is therefore unacceptable.

Finally, your Reference A) proposal does not acknowledge receipt of Amendment 1 to the request for proposal, as instructed therein.

Your fully compliant proposal in response to the Reference B) request for proposal, as amended, is due to the undersigned July 15, 1992.

Should you have any questions, please contact me at (303) 966-3781.
